ANNOUNCEMENTS.

County and District Offices

FOR ASSESSOR—2nd DISTRICT.

WESTON, Feb. 29, 1876.

MR. WOFFORD.—Please announce that Mr. THOMAS MULLADAY, of Court House, will be a candidate for the office of Assessor of the 2nd District of Lewis county, subject to the decision of the County Democratic Convention, should one be held.

MANY VOTERS.

MR. WOFFORD.—Please announce that Mr. GEORGE FISHER, of Murphy's Creek, (present Assessor) will be a candidate for Assessor of the 2d District of Lewis county, subject to the decision of the County Democratic Convention, should one be held.

MANY CITIZENS.
Weston, March 1, 1876.

ROANOKE, March 8.

MR. WOFFORD.—Thinking that the upper portion of the county is entitled to some of the county office, he respectfully announces Mr. R. H. ROHRBOUGH, of Collins's Settlement District, as a candidate for Assessor of the 2d District of Lewis county, subject to the decision of the County Democratic Convention, should one be held.

MANY DEMOCRATS.

THE JEMIMA GREEN MURDER TRIAL.—We are informed that the persons charged with the murder of Jemima Green will not be tried at this term of the Gilmer Circuit Court. [It will be recollected that this case was transferred from Braxton to Gilmer county.] The understanding appears to be that Judge Brannon will call a special term, as soon as possible, for the trial of these persons, and that Judge Holt, of the Braxton Circuit, will preside.

FOR THE CENTENNIAL.—William H. Kitson, of the Weston Marble Works, at the instance of Dr. Camden, is preparing some blocks of "West Virginia Marble," better known as the quality of rock used in the construction of the West Virginia Hospital for the Insane. The specimens are to be elegantly carved, and the State coat-of-arms will be prominent among the decorations. Mr. Kitson is an admirable workman, and will doubtless send to the Centennial a piece of workmanship creditable to himself and to our section.

BALTIMORE CATTLE MARKET.—From the market report this week we quote as follows: Very best on sale 60¢; generally rated first quality 45¢; medium or good fair quality 40¢; ordinary this steers, oxen and cows 25¢; general average of the market 40¢; extreme range of prices 25¢ to 60¢; most of the sales were from 40¢ to 50¢. The cattle were from the following States: Virginia 156; West Virginia 125; Ohio 744; Tennessee 62; Maryland 158; Pennsylvania 107; Illinois 64; Canada 19. Total, 1,465.

MORE WORK FOR JUDGE BRANNON.—A fearful crime was committed in Tucker county, the other day. J. N. Flanagan, of Black Fork, was murdered by J. G. Flanagan, of the same neighborhood. It appears that the murdered man was constable of the district, and in the performance of his duties levied an execution upon some cattle owned by his murderous kinsman; and while driving them off the place, he was attacked by J. G. Flanagan, and struck several times on the head with a gun, fracturing his skull, and killing him almost instantly. The murderer was arrested, and will probably be tried at the May term of the Circuit Court of Tucker county.

DISTINGUISHED HONORS TO A LEWIS COUNTY PHYSICIAN.—It will be recollected that Dr. John H. Drayson, of Jane Lew, went to Baltimore, last fall, to complete his medical studies at the College of Physicians and Surgeons, in that city. We are glad to learn that he not only graduated with more than usual honors, but that he excelled every competitor receiving the first prize, and the Catell Gold Medal, for proficiency and excellence of attainments. The Baltimore Daily News, of the 1st inst. has a full report of the proceedings at the commencement exercises, and the distribution of the honors. From that paper we copy the following:

Professor D. W. Catell, in presenting this beautiful medal to Dr. Drayson, said: "Although the attainments of your fellow-student, the recent final examination were proven creditable to themselves, and to the college, yet the entire college faculty and since that you are entitled to the credit of having graduated with the highest honors, and that the amount of proficiency displayed was greater than that shown by any of your competitors. I, therefore, with pleasure in presenting to you this emblem of evidence of that fact."

Dr. Drayson bowed his acknowledgments, and the other prizes and flowers having been distributed, Charles J. Donahue, delivered a most eloquent valedictory.

The medal referred to is a most beautiful memento, of solid gold, elegantly engraved; and is worth, as gold, \$50. Certainly, our county has good reason to express a reasonable pride at the honorable distinction of our young fellow-citizen; and in behalf of all our people, the Democrat tender its congratulations. For the present, Dr. Drayson will resume the practice of his profession at Jane Lew, but it is hardly probable that a young man possessing the brilliant talents that Dr. Drayson has evinced, will be allowed to remain long in the interior. Already, we are informed, he has been tendered the position of Surgeon in the United States army, with a salary of over \$2,000 per annum.

Brief Mention.

And this is our Centennial year! Mr. Chaffant is still recovering from a severe attack of sickness.

Woman proposes, and man just gets up "and gets" this year.

Bestor, State Centennial agent, has found a vein of coal in Randolph county, 28 feet thick.

There are now 440 granges in this State, with an aggregate membership of about 14,000.

The Mardi Gras festivities in Wheeling last Tuesday were an immense success.

The Clarksburg debating society has discussed and decided that lynch law is justifiable.

William Smith, of Roanoke, has just completed the erection of a handsome dwelling house.

Dr. T. G. Edmiston, whose return from College was referred to last week, will locate in Weston for the practice of his profession.

George Finster, who for two years past has been an employee of this office, has gone to Staunton, to work on the Valley Virginia.

The wife of Rev. A. B. Rohrbough, brother of G. M. Rohrbough, Esq., of this place, died recently in Preston county.

The district assessors, Colonel John Kee and Mr. George Fisher, are out on their rounds, seeking whom they may devour.

MANY VOTERS.

Circuit Court Items.

And incidents of the Trial of Rich and Howell, charged with the Murder of John R. West.

The witnesses in the Dowell case, with but few exceptions, were an exceedingly intelligent class of men.

John C. Jackson acts as Deputy Clerk of the Circuit Court during the trial of the Dowell case.

The prosecution concluded the taking of the testimony on their side on Tuesday evening last.

Judge Brannon commenced holding night sessions of the Court on Wednesday night last.

The jurors in the Dowell case were boarded and lodged at the Jersey Hotel.

Fifteen persons of the name of "Smith" were summoned as witnesses against the parties charged with the murder of the Wests.

It was hard work for the lawyers on both sides. The Court sat no time whatever; but commenced proceedings early, and worked until late.

The jury in the Dowell case is one of the most intelligent juries, it is said, ever impaneled in a criminal case in this county.

It is rumored that Eekes, Lunsford and Hersman will apply for a change of venue in their cases; and Clarksburg is named as the point at which which they desire to be tried.

The great interest taken by the people generally in the trial of Dowell, did not abate at any stage of the proceedings. A large crowd of people were in attendance all the time.

Only one juror was rejected on account of opposition to capital punishment; and the panel was secured much more easily than had been anticipated.

Judge Brannon submitted to no unnecessary delays in the Dowell case; the attorneys were required to attend promptly to their duties, without any skimming.

Some of the testimony introduced elicited the fact that that lynch law was seriously thought of and discussed by many persons, at the time the Wests were killed.

Wm. Wooster, Thomas Mooney, "Bud" Prichard, and "We" Lynch are the guards appointed by Sheriff Woodford during the confinement in jail of the parties charged with the murder of the Wests.

The hardest "tilt" between the counsel pro and con in the Dowell case, occurred on Wednesday last, as to the admissibility of the testimony of Mrs. Edwin Hersman, wife of one of the parties indicted. After a hard fight, Mr. Hersman's testimony was admitted.

Never was a prisoner more ably or earnestly defended than Dowell has been by his counsel, George J. Arnold and Henry Brannon; while the prosecution, represented by Messrs. Edmiston, Poundstone and Fisher, have omitted no opportunity and spared no effort, to do their whole duty to the State.

The following is a list of the indictments returned by the Grand Jury: against Richard Dowell, Nos. 1 and 2, for murder; against George Peter Eekes, Andrew Lunsford, and Edwin Hersman, Nos. 1 and 2, for felony; against Newton Wooster, for petit larceny; against James Bruffy, for misdemeanor.

The jury in the Dowell murder trial is composed of the following gentlemen: John W. Olen, Norval Wooster, Lemuel Bailey, Thomas Law, Samuel D. Bond, Vincent Hurst, H. D. Bailey, Joseph P. Conrad, A. R. Frushure, George R. Bosley, M. B. Bailey, and George W. Goldsmith.

Captain Wilkinson, who was summoned as one of the venire in the Dowell murder trial, in answer to a question by the Court, replied that "ever since he had been old enough to know right from wrong, he had been opposed to capital punishment; and that in his opinion there was a greater punishment than hanging." Of course he was ineligible as a juror in the case.

Mr. Wm. E. Lively, Colonel John Kee and Dr. C. M. Jackson, were appointed by the Court to make the usual annual examination of the jail and its surroundings. The committee recommended that considerable repairs be made about the building, and that certain alterations be promptly made, in behalf of the safe keeping, health and comfort of the prisoners.

The Court House, during the trial of Dowell, was a sort of sleeping room for some of the witnesses. Economy is the order of the day; and the parties referred to brought their bed-clothes with them, slept in the Court room, and subsisted on the European plan—call for what you want and pay for what you get.

It will be a matter of surprise to many persons to learn that the Grand Jury indicted "Squire Bruffy, a very worthy gentleman, for failing to keep in good repair the Gauley Bridge pike, from Weston to the Braxton line. We were under the impression that "Squire Bruffy had done all that could be done under the circumstances, but it appears that the Grand Jury thought differently. The "Squire will doubtless claim a speedy trial, and we trust may be able to show that he has faithfully performed his duties.

The gun exhibited in Court, as the one with which it is said Dowell shot the Wests, is now an historical old shooting iron, and we have taken the trouble to ascertain its history. It is an old Harper's Ferry musket, that had been changed from a flint to a percussion lock. During the war, this class of guns were distributed among the house-guards of the New State; and this particular gun, with many others, was sent to Buckhannon, and placed in the Court House there, ready for service when needed. General Witcher made his famous raid on Buckhannon about that time, and among the first Government property he destroyed, was the pile of guns. They were taken into the Court House yard, mixed up with wood and other combustibles, and fire applied. All but a dozen or so were destroyed; and this gun was taken from the fire, very slightly injured, by young Perry

The Irish Colony.

Letter of Father Burke to Mr. McCormick.

Weston, W. Va., March 9.

To J. C. McCormick, Esq., Sharon, Pennsylvania.

DEAR FRIEND:—I have received your private as well as public correspondence in relation to the forthcoming Irish colony to this State. I regret that I could not at an earlier time reply to all your inquiries, and give your proposed colonists ample satisfaction in relation to their new enterprise. Parochial duties detained me to a great extent, and I also wanted to fathom the nature of our present position, so as to give you the real state of things, and thereby render you an exact account of how land matters stand in this State. I have given the matter deep consideration, balanced and compared the western portions of the Union with our State, and my honest convictions favor West Virginia in preference to any of the States out west. Our rich soil, wholesome climate, and the advantages offered to the poor man, have induced me to arrive at this conclusion. I have already told you that my definite reply would be conscientious and impartial.

First of all, our people receive all strangers with true and genuine Old Virginia hospitality, and are too high-minded to grasp at anything which is not noble to an elevated degree. My practical experience among them for many years gives a safe guarantee for what I assert of them. The next remark I feel like making is that this State does not intend to inflict on her citizens a "plague of grasshoppers" to eat up men and cattle.

I am not inclined to detain you with a long letter, but request that you at once send out your "prospecting agent" and if he does not return perfectly satisfied that this is the region for establishing a colony of industrious men, then there is "no virtue extant," and I will retract all that I have said in favor of our State and her people. Your agent may and ought to inspect and canvass the counties of Lewis, Gilmer and Braxton, and then report to the colonists which is the most desirable spot for the location of a colony. From my travels and experience in this State, I can safely assert that these counties hold out the choicest inducements for the eager farming class. Let me add a few more words: Not very long ago a few Irishmen ventured to settle in this county of Lewis—some of them very poor—I might say penniless—and entered on land owned by honorable gentlemen. To-day, from the "sweat of their brows," they are rich, independent and respected citizens. To-day, all told, they number at least 1,000, and occupy flourishing settlements of their own. At that time, moreover, the atmosphere for strangers was more foggy and opaque than that which we now inhale. At the time of the first Irish settlement here, the late lamented, the great and good Bishop Whelan came to this town to visit his flock—in all, three Catholic families. There and then the noble hearted Major Bailey opened wide his halls to receive the saintly man, and in his house was preached the first Catholic sermon that was ever delivered at Weston. Thus may be accounted for the unbroken ties of friendship that exist, and I hope forever will exist, for the memory of Major Bailey—his amiable wife and generous hearted family, with the Catholic community in this section.

Now, dear friend, let me tell you that we are also pleased to no small extent to learn that the coming colony is composed of "Total Abstinence" men. Please tell them that such receive the hearty sanction of

Their Humble Servant,

P. F. BURKE,

Catholic Pastor.

From the Beverly Enterprise.

SUICIDE IN RANDOLPH COUNTY.—Mr. Lovell Kelley, a well-to-do citizen of this county, committed suicide on the night of the 22nd inst., by drowning himself in Cheat River. Mr. Kelley had been complaining of bad health for the past six months, and just a few days before he committed the rash act, spoke several times of having a severe pain in his head. On the night in question, Mr. Kelley returned the bed covers down, preparatory to going to bed, and sat down by the fire to warm, as it was an intensely cold night. The family then retired and went to sleep, leaving him there. When Mrs. Kelley got up some time before day, she had presented the appearance of Mr. Kelley being in it, with his head covered up. In the course of half an hour, she went to the bedside to wake him for breakfast, and discovered that he was not there, and that a pillow had been placed beneath the covers, so as to deceive a

one not examining closely. Surmising that something was wrong, she at once sounded an alarm, by blowing the dinner horn. The neighbors soon gathered in, and taking Mr. Kelley's tracks, traced them a distance of two miles to the river, where, within two or three hundred yards of the river, it was apparent from the tracks that he had been running. On a large rock on the bank of the stream was found Mr. Kelley's blanket. The day was spent in a fruitless search for his body; on the next morning a large number of citizens assembled and renewed the search, and in the afternoon the body was found, washed upon a large rock in the middle of the river, some two miles below where the blanket had been discovered. It had formed on its face to the thickness of an inch. Mr. Kelley leaves a large and helpless family, and his strange death has cast a gloom over the entire community in which he resided.

ANOTHER BLOW UP.—John G. Adams, who recently recovered from the effects of the gun-powder explosion at his shop, desires to say that he is now prepared to furnish new wagons, of every description, at very low figures. These wagons are all handmade—made of good material—and are especially adapted to the wants of the farmers of this county, and

DR. GEORGE B. SIMMONS desires to state that he has now got his business so arranged that he can attend to all professional calls—the firm having secured the services of a competent druggist. He respectfully solicits calls from the country, which will receive prompt attention—night and day. When not at the store, the Doctor can be found at his residence (the dwelling formerly occupied by Judge Edmiston) just below the Bank.

FOR PLEASING JUSTICE—R. S. HARRISON.

Mr. Editor:—Having observed that candidates for the various county offices are already in the field, I desire to suggest, for the position of Presiding Justice, Mr. R. S. Harrison. It is understood that Judge Edwards, the present efficient Presiding Justice, will not be a candidate for re-election; and I submit that "Saymour" Harrison would make an officer in every way worthy of the confidence and esteem of the people. Therefore, in common with many others with whom I have conversed on the subject, I call upon Mr. Harrison to announce himself as a candidate for Presiding Justice; and assure him that in the Convention and at the polls he will receive the hearty support of
